For Reciprocity Between Venezuela and the United States.

One of the First of the Southern Republics to Consider the Question.

Regulations Under Act of Congress Prohibiting the Taking of Scalakins by Americans and Inhibiting the Importation of Scalakins Into This Country.

WASHINGTON, Dec. 31 .- It is said that one of the purposes of the present visit to Washington of the United States minister to Venezuela, Mr. Loomis, is to start negotiations for a reciprocity treaty between Venezuela and the United States. This is rather an unexpected step as Venezuela was one of the few South American countries which did not make a reciprocity treaty under the former system. At that time, however, Venezuela suffered by having her coffee practically excluded from the United States because Brazil and other coffee producing countries had the reduced duties under reciprocity treaties. This experience makes Venezuela one of the first of the southern republics to consider the question of a reciprocity treaty under the Dingly law.

The secretary of the treasury, with the approval of the president, has issued regulations under the act of copgress signed Wednesday, prohibiting the taking of sealskins by American citizens except on the Pribylof islands, and inhibiting the importation into this country of pelagic sealskins. The regulations provide that no seals skins, raw, dressed, dyed or otherwise manufactured shall be admitted to entry in the United States except there be attached to the invoice a certificate signed by the United States consul at the place of exportation that said skins were not taken from' seals killed within the waters mentioned in said act, specifying in detail the locality of such taking, whether on land, at sea, and also the person from whom said skins were purchased in their raw and dressed state, the date of such purchase and the lot number.

The post office department has ruled that an ex-union soldier drawing a pension under the dependent pension law may be reinstated in a position he formerly occupied in the service. The case arose in connection with the application of a veteran employed in the Philadelphia post office. In order to obtain a pension under the dependent act he must swear that he is without means of support and is unable to do manual labor.

WASHINGTON, Dec. 31 .- Controller of the Currency Jas. H. Eckels, whose resignation takes effect Friday, called upon the president Thursday afternoon to pay his respects and say goodbye. Mr. Eckels left for Chicago Frsday morning.

His successor, Mr. Chas. R. Dawes has qualified as controller and takes charge of the office next Monday.

The secretary of state has directed the disbursing officer of the state department, Frank A. Branagan, to take, charge of any money and supplies for Cuba that may be delivered to him and forward the same to Consul General Lee at Havana.

Mr. Roosa, the dispatch agent of the state department at New York, has been directed to draw the \$800,000 contributed by the people of Montana through the Anaconda Standard, and with that sum purchase and send to Gen. Lee condensed milk.

WASHINGTON, Dec. 31 .- The post office department has prepared advertisements, which will soon be issued, inviting proposals for furnishing adhesive stamps for the government for the four years beginning July 1 next. The issues advertised for include the ordinary stamps, news and periodical stamps, postage due stamps and those for special delivery, The number required per year approximate three billion. Under a special arrangement made nearly four years ago the work of furnishing stamps is now done by the bureau of engraving and printing, the bids received by the post office department at that time for furnishing stamps having been rejected. The arrange-ment terminates July 1st when the new contract which will result from the advertisements about to be issued will become effective.

WASHINGTON, Dec. 31. - Assistant Secretary Day has just received a response from the superintendent of the Ward line steamers in New York in answer to his inquiry as to whether he could announce that his line would convey supplies to Cuba for the relief of the suffering people free of cost. The prompt answer was:

"Will be pleased to accept supplies for Cuban sufferers free of cost. Presume they will be consigned to Gen.

The Acandona, Mont., Standard telegraphed. Wednesday night that the secretary of state could draw on the National Park bank, of New York, for \$800 already subscribed and paid in by Montana people for the benefit of the Cuban sufferers. More money is promised from the same source January 1. All of this money is being distributed through Consul General Lee.

Washington, Dec. 31 .- The arrangement effected between Mr. Sifton, in behalf of Canada, and the war department, contemplates that the relief expedition shall be executed jointly by the United States army and a force of the mounted police of Canada, which constitutes the military arm of the Dominion. The United States force will go with the relief stores to Skaguway where it will be joined by Canadian mounted police, about forty in number, and the two forces will then proceed together to the points where the relief is to be distributed. The determination as to Skaguway is, however, still open. The Canadian officials concede much latitude to the American authorities in the actual distribution, recognizing that the expedition is fitted

out on this side, although a considerable part of its work will be done on be Canadian side of the border. No inties will be imposed on the stores carried by the relief expedition.

A procession of floats sent by business houses, theaters and societies, escorted by independent military orders. civic associations and individual maskers will start from Union square at ten o'clock. By midnight the pageant will have reached the city hall. The crashing of the bands and the singing by united societies of Brooklyn and New York in front of the city hall will be accompanied by the cannon.

At midnight, when Trinity' chimes ring out and the clock of city hall indicates the hour, Old Glory will be run up to the top of the city hall flag staff, and while it is being run up 37 search lights, each 20,000 candle power will be

Refused a New Trial. ATLANTA, Ga., Dec. 31.—The supreme court of the United States has just refused an application for a new trial for Mrs. Elizabeth Nobles, convicted of the murder of her husband, on the ground that at her trial the question of insanity was never brought up. She is therefore under sentence of death from the superior court of the state and the only hope of saving her life rests with the newly created pardon board, to whom all applications for executive elemency have been referred. The crime was committed in June. 1895, and her accomplice was a Negro.

BRITISH FLEET.

Of Eight Ships and Four Torpedo Boats, at Chemulpo.

The Japanese Are at Work Night and Day Preparing for War.

Is France and Russia Acting in Concert?-Communications Constantly Passing Between the British and Japanese Offi-cers Japanese Cable Broken.

LONDON, Dec. 31 .- A dispatch to the Daily Mail from Shanghai, dated

Thursday says: "A British fleet of eight ships and four torpedo boats has arrived at Chemulpo (the port of Seoul). It is re-ported that there are two Japanese cruisers in the Yang-Tse-Kiang river. Japan is working night and day pre-paring for war. It is believed that the British and Japansese fleets are in

close touch." A dispatch to the Daily Mail from Tokio says Marquis Ito is forming a cabinet.

According to a dispatch to the same paper from Nagasaki, dated Thursday, it is believed that Marquis Ito will aim

to maintain a peaceful attitude.

The Daily Mail has received telegrams from Hong Kong and Tonquin denying the report of French occupation of the island of Hai-Nan, but it regards it as morally certain that Hai-Nan was occupied about a fortnight ago when Port Arthur was occupied by the Russians, the coincidence forcing the suspicion that France and Russia were acting in concert.

A dispatch to the Daily Mail from Singapore dated Thursday says:

"The news that the French had occupied the island of Hai-Nan was brought here from Saigon (capital of French Cochin-China) on Tuesday by the French mail boat Ernest Simon. Before the latter left Saigon on the 25th, a French cruiser arrived there with either Adm. Bedolliero or letters from him to the French governor at Saigon. The Ernest Simon delayed for an hour at Saigon in order to take the governor's dispatch relating to the hoisting of the flag on the island of Hai-Nan to the French governor.

"The cause of the delay was known only to a tew officers on board the Ernest Simon, but inadvertently the secret was imparted to a French officer here (Singapore), who, not being bound to secrecy, let the matter out. It is believed that the French hold the telegraph office at Hei-Kiw (Ho-Kow) and prevent communication to Hong Kong.

"The cable between Hai-Phong (Tonquin) and Saigon is broken and under repair, and therefore it was impossible for Adm. Bedolliero to telegraph the news of the seizure to Saigon.

"Adm. Bedolliero, with the warships Bayard and Des Cartes, left Hong Kong on December 11. He called at Hai-Phong on December 18 and attended the meeting of the defense committee at Hai-Phong about that date, when the seizure of the island of Hai-Nan was decided upon."

A special dispatch from Shangha says that communications are constantly passing between the British and Japanese officers, and it is understood that Japanese ministers are trying to effect a reapproachment with England on the basis of a foint guarantee of reform in Chinese administration.
